

## RIVAL GREEK ARMIES ARE NOW ENGAGED IN BATTLE

ELECTION ODDS  
ARE MADE TO  
FAVOR HUGHES

Betting Market in Wall St.  
Has Been Rigged, Accord-  
ing to Opinion of N. Y.  
Republican Paper.

"MATCHED ORDERS" ARE  
NOT AGAINST ANY LAW

Fund of a Million and a Quar-  
ter Raised by Millionaires  
to Put the G. O. P.  
Candidate Across.

NEW YORK, Nov. 2.—Experi-  
enced observers are convinced that  
the election betting in Wall st. is  
being manipulated in the interest of  
Hughes. The change from even  
money, the condition which prevail-  
ed a few days ago, to 10 to 8 and even  
10 to 7 in favor of Hughes has been  
too precipitate to admit of any other  
explanation. This theory is borne  
out by the lavish manner in which  
the wealthy backers of Hughes are  
spending money to advance his  
cause, the most patent manifesta-  
tion of which is furnished by pages  
of advertising the interests are buy-  
ing in newspapers throughout the  
country.

Those who have had any experi-  
ence at all with the betting market  
are convinced that it has been rig-  
ged," says the New York Globe, a  
republican paper supporting Hughes,  
in its market review last night.

Can "Match Orders."  
"It is indeed an open question  
whether speculative interests, which  
a week ago wanted to get stocks  
down and this week have been  
anxious to get them up, have not  
been manipulating the betting odds.  
There is no law against 'matched  
orders' in the betting ring."

Everyone who realizes what is at  
stake in the election knows that  
Wall st. could well afford to spend  
ten millions to return the republic-  
ans to power, in the confident ex-  
pectation of overturning the federal  
reserve act, and getting the power  
to create panics again in their  
hands, to say nothing of the pros-  
pect of again imposing a monopoly  
tariff upon the people.

Big Fund Raised.  
The Evening World said last  
night:

"Within the last two weeks a fund  
amounting to \$1,200,000 has been  
raised in Wall st. for the purpose of  
'putting Hughes over.' This fund is  
not going to the republican national  
committee, which had raised nearly  
\$1,700,000 16 days ago, but is to be  
expended by a committee represent-  
ing the donors of the fund acting  
under legal advice as to how to make  
the expenditures without being com-  
pelled under the law to deliver a re-  
port."

"This fund today was reflected in  
the odds in the betting. Money used  
in this way cannot come under the  
federal scrutiny of campaign ex-  
penses."

"A firm of Wall st. lawyers heavily  
interested in the brokerage business,  
and multimillionaire magnates inter-  
ested in western mineral projects,  
are said to have framed up the plan  
and engineered the gathering of the  
fund. The law firm is said to have  
collected more than \$400,000 alone.  
Interested in the fund are some of  
the men who handled the Harriman  
fund of \$250,000 in 1904 to such  
good effect that, according to Mr.  
Harriman himself, '50,000 votes  
were changed in New York amount-  
ing to an increase of 100,000 in the  
vote for Roosevelt.'"

Tell Their Plans.  
"The financiers who thought out  
the plan of independent expenditure  
of a million and a quarter of dollars  
in the interest of Hughes, were  
frank in telling their plans to inter-  
ested persons, according to the re-  
ports which reached the democrats.  
They simply said that unless a huge  
sum of money was raised Wilson  
would probably be elected, and if a  
huge sum of money was raised it  
was a reasonable certainty that  
Hughes would be elected."

"It is said that a part of the fund  
has been turned over to the com-  
bination which will spend \$500,000  
in advertising in the windup of the  
campaign to counterbalance, if pos-  
sible, the effect of Henry Ford's ad-  
vertising campaign in behalf of  
Wilson."

"As much money as needed will  
be used to win back the labor vote,  
the democratic committee hears.  
This work is in the hands of ef-  
ficient organizers, who have been  
doing big things all their lives."

"The idea is to approach each of

REPUBLICAN FUND  
IS \$2,012,355.22

International News Service:

house of representatives a sup-  
plemental campaign contribution  
statement showing the receipt of  
\$244,777.93 and disbursements of  
\$307,434.89 since Oct. 23.  
Charles W. Fairbanks, republic-  
an vice presidential candidate,  
gave \$10,000.

covering contributions up to Oct.  
23 showed \$1,667,757.25, the total  
to date thus being \$2,012,355.22.

ENDS CHICAGO TO  
NEW YORK FLIGHT

Victor Carlstrom Averages  
107 Miles An Hour.  
Made Two Stops.

International News Service:  
NEW YORK, Nov. 3.—Victor  
Carlstrom, aviator, completed his  
Chicago-New York flight at 8:55 a.  
m. today, when he landed in safety  
on Governor's island.

Carlstrom was forced to make two  
stops during his journey. His origi-  
nal plan was to make the trip be-  
tween sunrise and sunset of one  
day. But in this he failed because  
a large crowd had descended at  
Erie, Pa., yesterday afternoon. Dark-  
ness came on as he reached Ham-  
mondsport, N. Y., last night and he  
remained over there, resuming his  
aerial voyage shortly after daylight.

Carlstrom was given a tumultuous  
welcome when he swooped down on  
Governor's island at 8:55 a. m. (official  
time.) A large crowd had as-  
sembled. Carlstrom, after land-  
ing on the island and being signalled  
about his landing place, made a  
grand circle over Brooklyn, and But-  
termilk channel and then descended  
gracefully.

Carlstrom's unofficial average fly-  
ing time was close to 107 miles an  
hour.

The aviator left Chicago at  
8:09 a. m. yesterday. Without a  
stop he travelled to Erie, a distance  
of 452 miles in 4 hours, 17 1/2 min-  
utes. Before sunset he had reached  
Hammondsport, making a total of  
652 miles, covered in six hours, 7 1/2  
minutes.

Carlstrom left Hammondsport, a  
distance of about 300 miles from  
New York, at 6:35 this morning and  
came through to New York without  
making a stop.

## WILL TRAIN STUDENTS

Retired Military Officers to Be As-  
signed to High School.

International News Service:  
CHICAGO, Nov. 3.—High schools  
of Chicago, Kansas City and St.  
Louis are to be offered the services  
of retired army officers to hasten  
instruction of military training, ac-  
cording to announcement today at  
headquarters of the central depart-  
ment of the United States army.

Under orders of the war depart-  
ment, officers of the department here  
are preparing lists of available re-  
tired officers. The idea was evolved  
because of lack of regular army of-  
ficers may delay the training project  
for many months except in the larger  
colleges and universities.

## BLACKMAILERS ARE HELD

Banker Claims He Was Forced to  
Come Across With \$18,000.

International News Service:  
NEW YORK, Nov. 3.—J. J. Klein,  
a wealthy Baltimore banker, caused  
the arrest today of George Bush, an  
actor, of this city, on a charge of  
obtaining \$18,000 in cash by black-  
mail.

It is claimed Bush and two com-  
plices surprised and held up Klein  
in an Atlantic City hotel in the  
presence of a woman. The com-  
plices named Ed Donahue, now un-  
der arrest at the Tomb, as one of  
Bush's companions. The three im-  
personated federal officers. It is  
charged.

Placed on Trial  
After 25 Years

International News Service:  
MURPHY, N. C., Nov. 3.—R. L.  
Phillips, a young man of this  
city, who 25 years ago in an alter-  
cation with a playmate struck his  
companion on the head with a rock  
and killed him, has returned after  
an absence of a quarter of a cen-  
tury and will go on trial for the  
murder. Phillips, fearing the con-  
sequences of his deed, fled immedi-  
ately after the death of his friend  
without announcing his whereabouts  
even to his family.

Arrests Come as a Result of  
Constant Watch of Her-  
cules Powder Co. Plant  
at Kenil, N. J.

International News Service:  
NEW YORK, Nov. 3.—Six men,  
five of them traction strikers, and  
one of them financial secretary of  
the Carmen's union, were arrested  
today charged with wrecking with  
dynamite the subway station at  
110th st. and Lenox av. on Oct. 24.

The arrests came as the result of  
a constant watch which has been  
kept at the plant of the Hercules  
Powder Co. at Kenil, N. J. The  
police had learned that the dynam-  
ite used at 110th st. had been  
bought there and they felt certain  
that the men would return for more.

Later developments established all  
of the prisoners but Thomas Mc-  
Guire as officers of local No. 371 of  
the Amalgamated Association of  
Electric and Street Railway Em-  
ployes, Capt. Tunney, of the detec-  
tive bureau, said. They are Ben-  
jamin Hamilton, business secretary;  
George Pollock, assistant financial  
secretary; Clarence Kulle, secretary,  
and James Marus, a member of the  
executive committee. McGuire is a  
chauffeur.

According to the police Michael  
L. Herlihy made a confession that a  
violence fund had been raised. The  
plans of the men, it is charged, in-  
cluded the destruction of the Times  
square and 59th st. subway stations.  
A seventh conspirator is being  
sought, the police say.

Almost Great Tragedy.

The 110th st. explosion came near  
being a great tragedy. Two minutes  
before the dynamite exploded a train  
filled with workers passed by.

After the arrests Capt. Tunney is-  
sued this statement:  
"We have evidence that the funds  
financing this explosion and other  
contemplated explosions, came from  
the Carmen's union. We are on the  
trail leading to other arrests and  
Herlihy, who has made a partial  
confession, has furnished the trail."

The first clue that the police got  
was the discovery of five fuelling  
cans and some fuse in Central park,  
just after the 110th st. explosion.  
These were found to have been made  
at Kenil.

## HELEN KELLER DONATES

Says She Believes Socialist Party is  
Nation's Salvation.

International News Service:  
CHICAGO, Nov. 3.—Miss Helen  
Keller is the largest single contri-  
butor to the socialist campaign fund  
this year. It was announced from  
headquarters here today. The an-  
nouncement was accompanied by a  
statement from her.

"I believe only through the so-  
cialist party can the principles of  
freedom—political, social and econ-  
omic—be realized," it says.

## FOOD IS SCARCE

International News Service:  
GENEVA, Nov. 3.—The food situa-  
tion has become so serious in  
Dusseldorf, Germany, that 17,000  
persons are daily fed at municipal  
kitchens, says a dispatch from that  
city today.

## Don't Be Bluffed, Mr. Workingman! You Have a Good Job at High

## Wages Because Europeans Have Gone to War Instead of Coming Over

## Here to Take Your Job at Lower Wages, and it Will Long Hold Good

THAT spread of republican intimidation has  
reached South Bend. It has not become  
as open and above board as in Laporte and  
some other cities. No bulletins have been  
posted, that we know of, and no printed  
threats, but the word has gone down the line.  
The Oliver Chilled Plow works, the Stud-  
baker corporation, and at the Singer Sewing  
Machine plant especially, while the "men at  
the top" may deny all knowledge or respon-  
sibility for what is going on below, must  
nevertheless know that out in their factories  
foremen and superintendents are talking it  
that—if Wilson is elected, there will be an  
awful laying off of men, if the shops do not  
close down entirely, and those who are not  
known to have voted for Hughes, will have  
to go first."

The quotation is in substance. The idea  
that the "shop may close down" is further  
augmented by the distribution of literature  
in the disguise of the "American Protective  
Tariff league"—which reduced to the last  
analysis means the republican national com-  
mittee. It talks of panics, and hard times,  
and prescribed protection as the cure-all of  
every ill, and the one and only American  
savior.

BUT DON'T YOU LET THEM FOOL YOU,  
MR. WORKINGMAN! THE SHOP ISN'T GO-  
ING TO CLOSE DOWN NO DIFFERENCE  
WHO IS ELECTED. THAT IS ONLY A RE-  
PUBLICAN BLUFF. IT IS PULLED TO SCARE  
YOU AND MAKE YOU VOTE FOR HUGHES

TAKE A JUMP IN THE "LAKE." HELL

We can prove to you that the shop won't  
close. In the first place your employer will

## ARREST MEXICAN.

International News Service:  
NOGALES, Ariz., Nov. 3.—Mon-  
clovio Mimila, a prominent lawyer  
and former attorney for the South-  
ern Pacific railroad, was arrested to-  
day by agents of the department of  
justice who are investigating legisla-  
tive activities in this vicinity.

## NOT ON MOVE.

International News Service:  
SAN ANTONIO, Texas, Nov. 3.—  
Denial of El Paso reports that the  
American expedition in Mexico under  
Gen. Pershing is on the move, was  
authorized today by Gen. Funston.

## FILES BRIEF.

International News Service:  
WASHINGTON, Nov. 3.—The de-  
partment of justice this afternoon  
filed with the supreme court of the  
United States the government's brief  
in the Divisor case involving the  
question of whether the government  
shall be forced to pay trunk line  
railroads approximately \$30,000,000  
for carrying United States mails.

## BLANKS WERE REAL.

International News Service:  
SAN ANTONIO, Texas, Nov. 3.—  
With their field guns loaded with  
shrapnel instead of blanks the first  
Pennsylvania field artillery was  
about to open fire into the ranks of  
14,000 militiamen during a sham  
battle at Camp Sherman, El Paso  
today when the mistake was discov-  
ered, says a report to Gen. Funston.  
An investigation has been ordered.

BANK RESOURCES  
SET NEW RECORD

Deposits Have Increased Over  
Two Billion During the  
Past 12 Months.

International News Service:  
WASHINGTON, Nov. 3.—National  
banks have greater resources than  
at any time in the history of the  
American banking system, Comptrol-  
ler of the Currency Williams an-  
nounced today, basing his statement  
on returns from the call for the con-  
dition of the institutions as of Sept.  
12 last. The report shows resources  
aggregating \$14,411,000, which is  
greater by \$216,000,000 than any  
previous record. The banks show  
an increase of \$2,144,000,000 over a  
year ago. Deposits amounted to  
\$11,342,000,000, an increase of \$2-  
132,000,000 over last year.

The comptroller reported that the  
operation of the federal reserve act  
has resulted in breaking up the great  
centers of capital such as New York  
and Chicago, and has affected a  
wider distribution of money. De-  
posits in New York, Chicago, and St.  
Louis national banks fell off \$218-  
000,000 since last May, while the  
country bank deposits show an in-  
crease of \$294,000,000 since last May.

Loans and discounts amounted to  
\$7,859,000,000, the greatest in the  
history of the banks. Circulation  
has fallen off \$44,000,000 during the  
last year, the report says. Reserves  
on Sept. 12 amounted to \$2,235,000-  
000, an increase of \$266,000,000 over  
last year. The excess reserve  
amounted to \$891,000,000, an in-  
crease of \$23,000,000 compared with  
a year ago.

WILSON ELATED  
OVER RECEPTION

International News Service:  
SHADOW LAWN, LONG  
BRANCH, N. J., Nov. 3.—With the  
active work of his campaign behind  
him, Pres't Wilson returned to  
Shadow Lawn today highly elated  
over the reception given him in New  
York city last night. The president  
will speak here tomorrow, but the  
occasion will be more or less of an  
"old home week" affair and the ad-  
dress may be of a non-political na-  
ture.

The trip to Long Branch from  
New York was made on the yacht  
Mayflower and the president plan-  
ned to spend the day resting after  
his arduous activities of the past 48  
hours.

Advisers of the president declare  
that the great ovation given him  
last night at Madison square gar-  
den made it plain that the national  
democratic ticket will win in New  
York state. Even if Charles Evans  
Hughes should be successful in the  
upstate districts, they say Pres't  
Wilson's popularity in New York  
city will offset this.

The president will motor to  
Princeton on Tuesday to vote and  
will return here the same evening.  
On Thursday Mr. Wilson will go to  
Williamstown, Mass., to attend the  
christening on Friday of the second  
daughter of Mrs. Francis B. Sayre.

From there he will return to  
Washington.

That was threatened when  
the Underwood tariff law was being framed. It  
was threatened by manufacturers from all  
over the country. Pres't Wilson's secretary of  
commerce served notice on those manufactur-  
ers then and there that any closing of shops  
to produce a panic, and create hard times by  
throwing men out of work would be thor-  
oughly investigated, and that if found neces-  
sary, your Uncle Samuel would take charge  
of such shops as were closed, open them, and  
operate them that workmen might have  
employment.

Full Report on  
Sinking Awaited

International News Service:  
WASHINGTON, Nov. 3.—The  
question of violation of Germany's  
submarine warfare pledges in the  
sinking of the Marina and the  
Kowamoro, was still far from set-  
tlement today. The feeling in some  
quarters that there was no violation  
of the law in the attack upon the  
Marina has spread until it is almost  
generally accepted.

State department officials consider  
it uncertain whether they will ever  
know the facts in the sinking of the  
Rowanmore, and the reported shel-  
ling of lifeboats containing Americans  
after they had left the vessel.  
The department is awaiting con-  
firmation of denial by the British  
admiralty of the report that the  
submarine that attacked the Rowan-  
more was shelled and sunk after-  
ward by a British naval vessel.

International News Service:  
AMSTERDAM, Nov. 3.—When  
Field Marshal von Mackensen's army

tons of petroleum, according to the

amount were 40,000 tons which the  
allied nations had bought to avoid  
export into Germany before Rou-

PLANS ANOTHER  
TRIP TO NORTH

International News Service:  
NEW ORLEANS, La., Nov. 3.—  
Sir Ernest Shackleton, British an-  
tartic explorer, arrived here today  
on his way to San Francisco, from  
where he will sail next Wednesday  
in an effort to effect the rescue of  
10 companions who are marooned on  
the ice-covered land about Ross sea.

This was the first English-speak-  
ing section that Sir Ernest had  
touched since he left England two  
years ago and set out on his futile  
attempt to cross the south polar  
continent to the north pole.

"If the war is not ended when I  
get back, I will return to England  
and enlist," he said today. "After  
the war, if I survive, I may embark  
upon another trip of exploration and  
I may again try to cross the south  
polar lands. But my first considera-  
tions now are to rescue the com-  
panions whom I was compelled to  
leave behind."

From San Francisco Sir Ernest  
will go to Wellington, New Zealand,  
thence to Denenien, where he will board  
his ship, the Aurora, and sail for  
Ross sea. If the marooned men still  
are alive, he believes he will have  
rescued them by late in January.

The revolutionary situation has  
grown so acute in Greece that sol-  
diers have been placed at the dis-  
posal of the German embassy. An  
armed guard now surrounds the  
building.

International News Service:  
LONDON, Nov. 3.—Civil war has  
broken out in Greece. Heavy fight-  
ing is in progress between Venizelos  
revolutionary forces and loyalist  
troops in Thessaly. The rebel army  
that occupied Katerina is reported  
to be marching on Larissa, the great  
railroad center in Thessaly.

Dispatches from Athens today  
state that King Constantine is tak-  
ing military measures for the pro-  
tection of the Greek capital.

(Katerina is an important city on  
the gulf of Saloniki, 45 miles south-  
west of Saloniki. It is the same dis-  
tance from Larissa. Larissa is only  
120 miles north of Athens and is  
connected with Athens by the main  
railway in Greece.)

The Venizelist army, which num-  
bers 30,000, is well equipped. It was  
supplied with arms and ammunition  
by the allies to be used against Bul-  
garia.

London newspapers today bitterly  
criticized the allied military authori-  
ties in Greece for allowing King  
Constantine to send troops over the  
Piraeus-Larissa railway to reinforce  
the loyalist forces fighting the rebels  
in Thessaly. It was pointed out that  
this railway has already been taken  
over by the allies for their exclusive  
use.

## ALLIES ON OFFENSIVE

International News Service:  
LONDON, Nov. 3.—Allied armies  
are on the offensive in all the the-  
aters of war. After a lapse of weeks  
interest has again shifted to the  
Italian arena of operations, where  
the Italians have won a notable suc-  
cess in the renewal of their drive  
on Trieste.

Southeast of Gorizia, the Austro-  
Hungarian positions have been  
pierced at several points, the Ital-  
ians advancing more than a mile.  
In these battles, which began on  
Wednesday, the Austro-Hungarians  
have lost 20,000 men in killed,  
wounded and captured, it is unof-  
ficially estimated.
